THE IMPLEMENT RANGE – FLAIL MOWERS

Flail mowers are suitable for cutting most things from normal grass to brambles and scrub. A flail mower has the added advantage of also shredding the growth, thereby leaving behind a minimal amount.

A full width roller controls the exact cutting height. The drive for the machine is from the tractor PTO through a gearbox and incorporates two heavy-duty drive belts with adjustable tension control.

The side-shift on the Funny Top models can be set to allow for working nearer to walls or fences.

Blades are either standard “Y”-shape or hammers.

DelMorino

Model	Working Width	HP	Weight (kg)	No. of Blades	No. of Hammers	Price
Funny 106	106 cm	12-30	132 kg	32	16	
Funny 132	132 cm	12-30	148 kg	40	20	
Funny 158	158 cm	22-40	170 kg	48	24	
Funny Top 106	106 cm	22-40	150 kg	32	16
